

# Te wero mā te akomanga WOW class Challenge

Teacher guide  
Entries due: 20 April 2026

## Mā raro rānei, mā runga wīra rānei | Walk or Wheel Wallcharts

*This is a competition that rewards classes (not individuals) and replaces the WOW passport competition.*

You can choose to **use the Wallchart in class only**, to motivate and reward students during Movin'March. Or you can **participate in the WoW Competition** by entering your data on Te Haerenga o ngā Tamariki. Or do both! Included are instructions for each option.

Find this information online at: [kurakete.gw.govt.nz/wow/](http://kurakete.gw.govt.nz/wow/)

### Key information

- If you need more wallcharts, you can download the PDF here: [kurakete.gw.govt.nz/wow/](http://kurakete.gw.govt.nz/wow/). Or order more by emailing [schooltravel@gw.govt.nz](mailto:schooltravel@gw.govt.nz) or your [local Council](#). It can take up to 5 working days for these to be received. We have limited stock so may not be able to provide more.
- Entering 5 consecutive days of data in [Te Haerenga o ngā Tamariki](#) will be considered an entry in the competition. Winning entries will be asked to confirm they agree to the Terms before being able to accept the prize. The **Competition Rules and Terms** will be available on this page before the competition starts: [kurakete.gw.govt.nz/wow/](http://kurakete.gw.govt.nz/wow/)
- Prizes are yet to be confirmed but will consist of a class celebration pack, such as free entry to a local destination or active fun day and giveaways, to the value of around \$400-800 each. Transport grants may also be available for those eligible.

### Sponsors 2026

Movin'March is very fortunate to have had the ongoing support of several amazing sponsors, including:

# What teachers need to know

## Using the wallchart in class

You can use the **wallchart** in class, alongside the **bookmarks, stickers and stamps**.

Students can set individual goals or participate in a class challenge. This creates a visual aid for students to track – and reward – their mahi against their personal goals.

Each school should receive enough wallcharts for each class to have 1 wallchart, 3 sticker sheets and about 20 bookmarks. (If you have more than you need, let us know so we can share these with schools that end up short!)

Total trips per day														Teachercards enter at <a href="http://kurakete.gw.govt.nz/wow">kurakete.gw.govt.nz/wow</a> by 20 April 2024.		Prizes will be awarded to the top 2 classes across the region and 3 randomly selected classes. The prize will be a classroom celebration pack as described in the Terms and Conditions. Deadline for entries: 20 April 2024. Prizes drawn by 20 April 2024. Read full Terms and conditions and Privacy statement here: <a href="http://kurakete.gw.govt.nz/teachercards">kurakete.gw.govt.nz/teachercards</a>		Sign up at <a href="http://kurakete.gw.govt.nz">kurakete.gw.govt.nz</a> and start entering your trips on <a href="http://tamariki.gw.govt.nz">tamariki.gw.govt.nz</a>																																																																																				

## Get started:

1. Fill out the wallchart with all your students names. Set a class goal together – aiming for better, not best!
2. Set each student's goal for the month (or week). Make these achievable but slightly challenging.  
*See table on back for options for students who live far away or have other reasons they may not walk or wheel to school.*
3. Students can copy their goal onto a bookmark to take home and share with their whānau.
4. Each day, record how tamariki get to school using stickers, stamps or ticks for trips to school. You could come up with a code for each mode if you want to use stickers elsewhere.
5. Use prize packs to incentivise, and supplement with other rewards such as winning privileges or activities.

## Bonus:

We also have customised [learning experiences](#) to use alongside the wallchart and [Te Haerenga o ngā Tamariki](#).

Find these on [kurakete.gw.govt.nz/](http://kurakete.gw.govt.nz/) to create relatable lessons.

- Your class can track the distance travelled by the whole class over March by estimating each student's trip distance.
- Challenge your class to beat their record from week to week.
- Observe how the weather or events may impact how ākonga travel to school.
- Use [Te Haerenga o ngā Tamariki](#) to enter data anonymously online, using the Student entry option or the 'Hands up' bulk entry option. This can be done on the day, or copied from the wallcharts at the end of the week or month. You can instantly see your travel graph for the day. Or you can export this data to use in spreadsheets, tables or graphs.

# Regional Class Competition

The competition is open to all classes of students at registered schools in the Wellington region. It runs 2-31 March 2026. You must enter your data on [Tamariki.gw.govt.nz/](https://tamariki.gw.govt.nz/) by 20 April 2026.

## How to enter

1. Schools register for Movin'March. Your lead teacher will distribute prize packs to all classes at your school in late February. Read more here: [kurakete.gw.govt.nz/wow/](https://kurakete.gw.govt.nz/wow/)
2. Use the WOW wallchart to set goals, record and reward trips (see [Using the wallchart in class](#)). This isn't necessary to enter, but adds to the fun! Your class can pre-select a 'challenge week' or decide which week to enter based on their best results.
3. **Note only trips TO school are eligible. Students should select the mode they used for 'most' of the way.** If they walked to a bus stop then caught a bus, that counts as 'bus'. If they drive most of the way but got dropped off further away than usual, that counts as 'park and stride'. You be the judge of whether they are putting the effort in. This might look different for each student.
4. Enter 5 consecutive days (Monday to Friday) of data into [Te Haerenga o ngā Tamariki](https://tehaerenga.orga.tamariki/).

Each class can only enter once, so we suggest only submitting your best week! If you enter multiple weeks, we'll work out which one is the best for you, but they still only count as one entry.

5. Travel data will need to be **entered no later than 20 April 2026** to be eligible.
6. Your class will then **be in to win one of 6 class prize packs!** There are 3 random prize draws and 3 celebration packs for the classes with the top three 'walking and wheeling' rates. We'll work out the top three classes across the region by adding all "non-driven" trips together and dividing them by the total trips. So, **even the students who bus, train, or 'Park and Stride' are helping!**

For your class to take part in the competition, **teachers must enter online**. We will not be counting passports or wallcharts sent back to us. For privacy reasons these will be destroyed, so please don't send them to us!

Entering data is easy. It takes less than 5 minutes to set up an account and submit your first 'hands up' numbers. You can use the same account as for Kura Kete to log in, or create a new account. And once there, you can find, favourite and collect learning experiences from our range of 80+ resources designed to support learning during Movin'March and beyond.

If you have a lead teacher for Movin'March, they might offer to enter trips for the whole school (lucky you!). They can set up multiple classes under their account to enter the data. Please make sure you label the classes clearly so we know they are unique entries.

**More info on setting up and using the tool here: [Tamariki.gw.govt.nz/how-it-works/](https://tamariki.gw.govt.nz/how-it-works/)**

# How did I travel to school? Mā hea mai au i haere ki te kura?

Students can only select one trip mode.

They should choose the mode that they used for *most* of their journey to school. For example, if a student caught a bus, then walked the last 100 metres from the bus stop, they would choose 'Bus' as the mode for their trip.

Mode icon	Label & te reo*	Mode description	Class / rōpū tally
	<b>Walk</b> <b>Hikoi</b>	Includes walking with family or friends, using a mobility device such as a wheelchair, and taking part in a Walking School Bus.	
	<b>Scooter</b> <b>Kutarere</b>	Riding a scooter <i>most</i> of the way.	
	<b>Bike</b> <b>Paihikara</b>	This can also include being a passenger on a bike, or using a balance bike or trike.	
	<b>Bus</b> <b>Pahi</b>	This includes public buses and designated school buses.	
	<b>Train / ferry</b> <b>Tereina / waka tere</b>	This can include all 'other' public transport, such as the ferry and cable car.	
	<b>Driven</b> <b>Taraiwatia</b>	'Private vehicles' includes cars, vans (including school vans), taxis, trucks, motorbikes, and EVs. Also carpools!	
	<b>Park and Stride</b> <b>Kia tū, Kia hikoi</b>	This is when a student is driven in a vehicle to a few hundred metres from the school gate and then walks (or wheels) the last bit of the trip to school.	
	<b>Other (e.g. skate)</b> <b>Ētahi atu (reti)</b>	This can include skateboards, roller-skates, horseriding, or anything else that is non-motorised and used for most of the trip to school.
